*Common Task Types with Sample Answers*  
(Vocabulary Included)  
(TOPIC BASED)

## **IELTS Speaking Topic** *Holidays*

### **What kind of holiday do you like?**

I try to avoid **tourist traps** ... I like to **get away from it all** and prefer going somewhere **off the beaten track** ... last year I had **the holiday of a lifetime** ... a two week holiday in Cox's Bazaar.

### **What do you like to do when you're on holiday?**

I enjoy visiting the local **places of interest** ... I like to **go sightseeing** and always sign up for **guided tours** as it's a chance to be shown around and take photographs ... one of my hobbies.

### **Do you have many tourists in your country?**

Yes ... we have a lot of **holiday resorts** along the coast that are popular with tourists ... most people come on **package holidays** and stay in one of the many hotels and **self-catering** apartments.

## **Part 2**

### **Describe a beautiful place you once visited.**

#### **You should say:**

when you went to this place  
where it was  
who you went with

and say why you liked it so much.

A few years ago I went on a **long weekend** to the Cox's Bazaar... it's a very popular **holiday destination** in our country... I went on my own and had a wonderful time... I stayed in a holiday **resort** and met some really nice people ... but the most memorable thing about the holiday were the **breathtaking views** ... and lovely **picturesque villages** ... it can get very busy with **hordes of tourists** so I decided to **go out of season** in the autumn ... the weather was fantastic and the shops were full of **local crafts** ... a really great holiday ... it's certainly not the kind of **short break** for someone looking for a busy nightlife but if you want to relax in the middle of **stunning landscape** I would certainly recommend a holiday to the Lake District.

**Part 3**

**What do you think has led to the growth in the tourism industry?**

There are several reasons. For instance, it's much easier and affordable to travel nowadays. Besides, one can get cheap **tour plans** or **all-in packages** to somewhere near or to a **far-off destination**.

**How do people tend to choose a destination?**

The Internet is a great source of information and **travel agents** are still very popular moreover the social media play a vital role in creating interest for a particular place. That's where I like to have a look to get **holiday information** for the places I'm interested in.

**People sometimes say flying is the most glamorous form of travel. Do you agree?**

I'm not so sure really ... flying can be quite boring ... queuing up at the **check-in desk** ... going through **passport control** ... sitting for ages in the **departure lounge** ... then the flight itself can be quite uncomfortable ... no ... I'm not sure I agree.
